Financing Small Businesses in Uganda's  
Bundibugyo District

# The project

- **Objective:** *The projects aims to facilitate growth of small and midsize businesses by means of meso-financing carefully selected income generating projects in the Bundibugyo District, located in the Western Region of Uganda.*
  - **Definition:** *Design and implement a fit-for-purpose finance structure and organisation for The Good Shepherd Foundation (project customer, employer), which can offer and deliver mid-range (\$ 100 - \$ 2.000) financing in a professional and sustainable manner.*
- The project aims to deliver:
- *A legal structure and contractual framework for the correct offering and delivery of midrange financing under Uganda law;*
  - *A framework of documents and rules to be used by a local organization to review business plans and to deliver loans. This includes a checklist business plan, a template loan agreement, a process flow chart and a receivables management process.*
  - *Guidance and training for local staff to work with the supplied tools. This includes a training manual and, if possible, face-to face guiding and training.*
